The main character is an alien, so wouldn't it be better if he'll play around a bit more?
And it's a kids' program

If I were a God, I'd make it right from the beginning
How about live music club?
Let's have a gas station for UFOs

If you do it like this, wouldn't it be good?
smooth!

Do Japanese hold ceremonies in the church?
By the way, there is a wedding scene in the chapel
Temple, was it?
Yeah, they do

It's Tokyo!
Awesome! You can draw even without reference material

A long time ago, I lived in Japan for a while because of my mother's illness

It's probably just my imagination

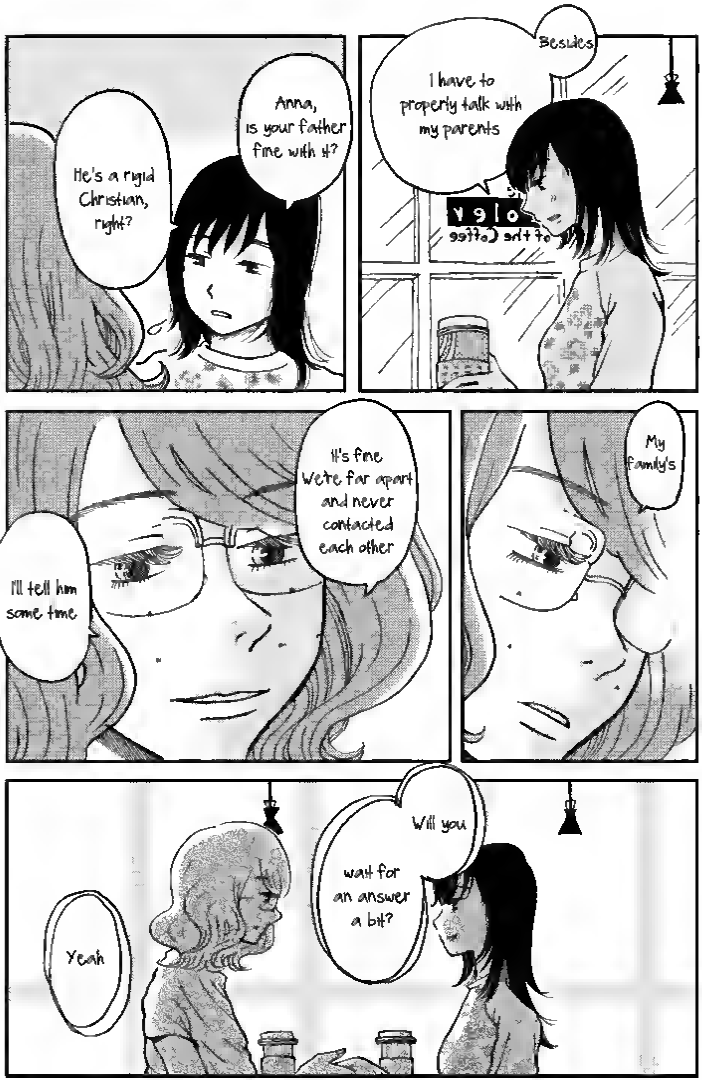
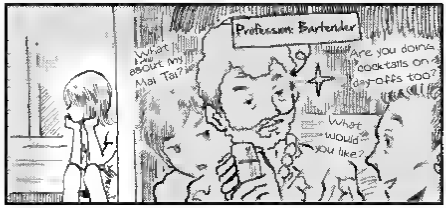
Next time
Bye-
Yesterday, I was officially told from the company
that I will become a regular employee
The company will get a working visa for me

Besides, I'm happy the company recognized my efforts
If my visa expires, I can't stay by your side I was anxious
That's great, congratulations!
You look like a carefree type
but you're actually a hard worker
That's why I want to properly think
about work, marriage and then give an answer
Till now,
I haven't thought about marriage



Anna, is your father fine with it?
He's a rigid Christian, right?
Besides
I have to properly talk with my parents
It's fine We're far apart and never contacted each other
I'll tell him some time
My family's
Will you wait for an answer a bit?
Yeah

I made Chi-Chi
Would you like Mai Tai~?



Professor Bartender
What about my Mai Tai?
Are you doing cocktails on day-offs too?
What would you like?

Saki, Anna!

If you're bored...

Sean
Am I a man or a woman?
"Who am I" game!
Sean
If I'd go on a trip what'd be one thing to bring with me?
Man!
What will you bring on a uninhabited island?
Then
then
Eh, but it's not me.
Alcohol!
Too easy
It's Sean~

Wine, probably
There is one called 'Screams'
Still, it's not me~
